

DinoClean

Concentrated Recycled Rubber Floor Cleaner

Features:

- Controlled pH
- Pleasant Fragrance
- Low Foam
- Versatile
- Economical
- Biodegradable
- Safe to use with DinoCoat Floor Treatment

Benefits:

- Buffered alkalinity coupled with powerful cleaning action makes this an ideal product for both manual and automatic scrubbing of floor finishes.
- Cleans and leaves a pleasant, fresh fragrance in the area after use.
- Controlled foam makes rinsing easy, leaving a film-free surface.
- Excellent floor cleaner by mopping application and in Automatic Scrubber Equipment. Also can be used manually to clean equipment, work surfaces, walls and other surfaces.
- Highly concentrated with dilutions up to 1:500 parts water.
- Contains only biodegradable detergents and emulsifiers.
- This product has been deemed acceptable for use in food establishments.

Applications and Dilutions:

Solution for auto scrubbers:

Regular soils = 1 part to 500 parts water.
Heavy soils = 1 part to 80 parts water.

Solution for damp mopping floors:

Regular soils = 1 part to 160 parts water.
Heavy soils = 1 part to 80 parts water.

Use a mop bucket, mop pail, or auto scrubber to clean recycled rubber floors and all other hard surfaces not affected by water. Refer to product label and/or Dinoflex's Cleaning and Maintenance guidelines for detailed dilution and cleaning instructions.
